- **Windbridge Panel**
- **Plain Long Panel**

**Door Details**

- Strong wood grain embossed 26 gauge hot-dipped galvanized steel. Pre-finished exterior and interior then coated with baked-on polyester primer and acrylic finish.
- Flush design for that stream-line, modern look.
- Polystyrene insulation bonded to 26 gauge steel skin, providing thermal protection to the edge of each section.
- Tough PVC seal provides continuous thermal break on all sections, reducing thermal transmissions. Uniquely designed tongue & groove section joints create weather-resistant seal against rain, snow and wind.
- 18 gauge hot-dipped galvanized center stiles are recessed, concealed and carried the full height of the section providing superior strength and durability compared to commonly used hinge pads.
- Tough “U”-shaped bottom astragal helps protect against the elements.
- Hinges are 14 gauge-minimum, hot-dipped galvanized steel for lasting durability.

**Optional Features**

- Fade-Resistant Kynar Colors available in White, Beige, Green and Sepia
- Wind Load Certification-in accordance with ASTM-E330 and ANSI/DASMA 108-2002
- Keyed or Slide Lock Set (slide lock standard on commercial size doors and 3” model.)
- 10 Ball Rollers (standard on Commercial sizes & 3” model; optional on Residential)
