Door Details

- Extra strong hot-dipped galvanized steel. Pre-finished exterior and interior then coated with baked-on polyester primer and acrylic finish.
- 24 gauge model has smooth white finish while 25 gauge model is wood-grain embossed and available in both white and brown.
- Tongue and groove section joints create a weather resistant seal against rain, snow and wind.
- 18 gauge hot-dipped galvanized center and end stiles are mechanically fastened for strength and neat appearance. Constructed of a single piece so there are no welds to rust.
- Tough "U"-shaped bottom astragal helps protect against the elements.
- Hinges are 14 gauge, hot-dipped galvanized steel for lasting durability.

Optional Features

- Polystyrene insulation reduces heat loss and features a laminated High Impact Thermal Styrene (HITS) backer.
- Optional Smooth Steel liner in galvanized or white to give you that finished look.
- Wind Load Certification-in accordance with ASTM-E330 and ANSI/DASMA 108-2002
- Keyed or Slide Lock Set (Standard on commercial size doors and 24-gauge models. Optional on residential doors and 25-gauge models)
- 10 Ball Rollers (Standard on commercial size doors and 24-gauge models. Optional on residential doors and 25-gauge models)
