### **FEDERAL ENERGY TAX CREDIT DEALER INFORMATION**

- The 30% Federal Tax Credit applies to energy saving improvements including eligible building envelope components.
- To be eligible the garage door must have an installed U-factor and SHGC equal to or less than 0.30 and the garage door must be installed with a perimeter seal, such as vinyl door stop in the sides and bottom astragal.
- The following North Central Door models are eligible:

TR-138	TR 2000
TF-138	TF-11
AR-138	TAS-III
AR-2000	Special Reserve

### **THE GARAGE DOOR MAY INCLUDE WINDOWS USING OUR ½" OR THICKER INSULATED GLASS.**

- The maximum credit for the taxpayer is \$1,500 under this act for all energy saving improvements. Taxpayers that used their full \$1,500 credit in prior years are no longer eligible.
- The credit only applies to the cost of the product (it does not apply to the cost of the installation).
- The garage door must be installed in an existing home which is the taxpayer's primary residence.
- The garage door must be installed in an insulated garage.
- The garage door must be installed between January 1, 2009 and December 31, 2010.
- The garage door must be expected to remain in service for at least 5 years.
- The taxpayer must complete North Central Door's **ENERGY TAX CREDIT CERTIFICATION** form and retain the form with personal tax records. The form should not be filed with the tax return.
