CONSTRUCTION

- Hot-dipped galvanized steel pre-finished with a primer coat and baked-on polyester top coat provides a beautiful, low maintenance finish.
- 24 gauge model has smooth white finish while 25 gauge model is woodgrain embossed and available in both white and brown.
- Tongue and groove section joints create a weather-resistant seal against rain, snow and wind.
- 18 gauge stiles are mechanically fastened, providing section strength while eliminating welds that often rust.
- Hinges are 14 gauge, hot-dipped galvanized steel for lasting durability.
- Heavy-duty "U" shaped bottom weather seal helps protect against elements.
- 2" sections available with optional polystyrene insulation to increase thermal efficiency.
- Optional smooth steel liner in galvanized or white.
- Wind load package available.
- R-value of 6.9 (2-layer)
